A $1,000 B[illegible] TO EVERY SOLDI[illegible]

JUDGE J. M. DAWSON URGES THAT THIS AMOUNT BE GIVEN TO WAR VETS

A NATIONAL CEMETERY

Memorial Day Speaker Says That Soldier Bodies Should Be Returned to U. S.—Inspiring Memorial Program at Court House.

A $1,000 government bonus to every discharged soldier in addition to the regular $60 allotment now given to discharged service men, was urged by Judge John M. Dawson, the principal speaker at the Memorial Day Exercises held yesterday afternoon at the court house square. The Judge also brought before his hearers the fact that the remains of the men who have been killed in action or have died of other causes in France should be brought over here to this country for interment in a large national honor cemetery.

Judge Dawson opend his speech with a review of the men who have taken part in all the great wars in which the United States has engaged and he explained the spirit of self-sacrifice and patriotism which has always characterized the American youth. He explained how the policy of the United States throughout has been one of the principles of right and not one of conquest and how whenever the nation has been forced to take up arms, men from every walk of life have responded instantly to the call. "In the great Civil war," said the Judge, "men and boys left their plows, their workshops and their offices to don the uniform of their country and fight for the principles which they felt to be the right." In the Spanish-American war the youth of America showed the same eager spirit, and in this latest war, the most terrible in the history of the world, the American boy has been there with the drive and courage which spelled defeat for the enemy.

"When America entered the war," said the speaker, "England and France were backed against the wall and were staving off the cruel attacks of the Huns. But when the United States began to send her men to the front the difference was soon shown. The Allied lines began to go forward instead of backward and they continued in this direction until the armistice. There has never been a time in the history of this country," said the Judge, grasping the fold of a huge American banner, "when Old Glory has been carried backward in retreat."

The problem of the return of the men to civil life was then taken up by the speaker. "When these men come back home many of them crippled and maimed for life, it is no more than the duty of this great nation to show her appreciation of their work. A suggestion has already been made that the men receive six months' additional pay at the time of their discharge. At the present rate this would amount to an average of about $180. But, friends, this is nt enough. There is lots of money in these United States, and the government should give every man who has worn the uniform of his country during this great crisis, at least $1,000."

In speaking of the men who have been killed on the other side and who have been buried in France and Flanders, the Judge expressed the opinion that every soldier's body should be dis-interred and returned to this country for burial. A great national cemetery should be erected in the most beautiful spot in the United States," he said and the graves of the brave boys who gave up their lives should be made here and inscribed in a way which will carry down through the coming centuries their honor."

Following the talk by Judge Dawson, a large wreath of flowers secured under the direction of Mrs. Leo Ruddell, of the Women's Relief Corps, was placed on the platform under the inscription "In Honor of the Nodaway County Boys Who Made the Supreme Sacrifice." Judge Dawson read off the names of each of the boys from this county who have been killed in action and a gold star was placed on the wreath by three little girls, the Misses Mildred Wray, Norma Randall and Catherine Remus.

The exercises yesterday were opened by a short address by Captain Hyslop of the G. A. R. who acted as chairman of the speaking.

G B. Roseberry made a talk in which he brought out the importance of the church in the great reconstruction period through which the world is now progressing. "The principals of freedom and right for which many of the men now lying in Flanders Fields died," said Mr Roseberry, "are the true principals of Jesus Christ, and we should dedicate ourselves to these principals."

Thomas J. Puckett spoke for the Civil war veterans and of the great sacrifices which these men had made. He told of the great American spirit which existed at that time similar to the spirit which marked the entry of the United States into the great world war. "We are old men now," he said, "and many of us are bent with age, but we were once young and strong like the boys who are coming home today. The spirit of the American is one of dash and courage and there is not a nation in the world that can break it."

At 8 o'clock yesterday morning members of the W. R. C. and the G. A. R. gathered at the First Methodist church where they received many floral contributions donated by citizens and business houses. The flowers were distributed to the various soldier graves which had previously been marked by small flags.

Skidmore News.

A division of the 85-acre farm, just north of the Groves cemetery, that for many years had been the home of Mr. and Mrs. U. S. Gaddy, now deceased, was made a few days ago, by John Wilson, J. R. Bagby and W. S. Linville, among the ten heirs.

No consideration was given the buildings in the division other than the land on which they stood went to the two daughters who had cared for the old folks in their declining years. The land was divided share and share alike.

Henry Barrett received a sale bill advertising a public sale of the personal property of F. Erwin Powell at his home near Morrill, Nebraska 253 head of live stock together with considerable other property makes up the list and the terms stipulate that six months time will be given at 10 per cent interest. Mr. Barrett sees but one thing wrong with the bill; he thinks 12 per cent would be the proper rate of interest.

The Powells have also disposed of their farm there, and no doubt, in the near future they will make this vicinity a visit, as they formerly were residents of this community. and have a number of relatives and friends in and near Skidmore.

After returning home from a trip to Mound City last Saturday afternoon, Fred Suetterlin and his father-in-law, J. H. Bond, of Graham prepared to put the Ford in the garage. In some manner, which neither can explain, Mr. Suetterlin was hit by the car and knocked down, the front wheel passed over him and struck an embankment about the same time, and the car stopped with the rear wheel still resting on Mr. Suetterlin's shoulder. The car was soon removed, but Mr. Suetterlin has a very sore shoulder and went to St. Joseph Wednesday to have an X-ray examination made.

Mr. Suetterlin lives 10 miles southwest of Skidmore.

The B. O. Farm Club met in a called meeting Monday night, May 19, to consider ways and means for improving the west bottom road.

The proposition of the County court was taken up and received as the best temporary relief for existing conditions.

Furthermore, it being the opinion of the meeting that no permanent relief could be had while the road floods so bad.

The following resolutions were ordered drawn and offered to the Skidmore News for publication.

Be it resolved, that this organization will greatly appreciate any move toward straightening the river, as we consider that a good road bed across this bottom as vitally necessary to Skidmore as well as the adjacent farms to the west.

Frazer, has resumed his position on Route 1, as carrier, after more than a year's absence in the air service of the U. S. Army. A telegram was received by Mr. and Mrs. Tom Cook from the Salvation Army, stating that Harry Cook landed safely Friday. A. D. Reardon lost a valuable horse Sunday of spasmodic colic. He had worked the horse the day before and it seemed all right but on Sunday morning it took sick and died before anything could be done for it. Many horses are dying in this neighborhood this spring. Several have a malady which resembles founder which leaves them stiff and sore and in each instance there seems to have been no chance for them to have eaten too much.

The Jackson Bank has added to their already fine equipment a Burroughs Posting Machine and have it in running shape. This machine is a great invention. It adds your deposits and subtracts your checks at the same time, which makes it possible for depositors to get their exact account at any time. The Jackson Bank is sure a credit to our town and surrounding country and deserves your patronage. The managers Roy F. Hanna and L. M. Cummins, are progressive in every way and get all the latest and best methods out, so as to accommodate their customers, and their methods have been the means of increasing their business to such an extent that they have had to increase their force to keep up to the business they are receiving. Also their quarters have got too small for the business and they will soon commence the erection of a new bank building that will be much larger than their present one and will be modern and up-to-date in every respect.

B. of the Conception Abbey, and several selections by the Holy Family Parish orchestra. Superintendent Bert Cooper of Maryville, made a very pleasing address.

Leonard Hamilton came home last Saturday night from service overseas, after being in the service where the fighting was hardest. He was wounded in the foot and spent some time in the hospital. He does not like the Germans very well, and, contrary to what the majority of soldiers say, likes France better than Germany. His bunch was the first to cross the Rhine, and he was the second man of the squad.

Mss Clara McClaren under went an operation for appendicitis Thursday of last week at Maryville at the hospital.

WOMEN WORKERS.

In almost every line of war activities the women of this country have done well and have taken front rank for doing work that released thousands of men for service overseas. Some women have been over-ambitious, and, at the expense of their health, have filled places once occupied by men. Every woman who, because of overwork, has brought on some ailment peculiar to her sex, should depend upon Lydia E. Pinkham's Vegetable Compaund to restore her health and strength, as this remedy is now recognized as the standard and has restored multitudes.—Adv.

We had excellent services last Sunday. Bible school attendance the largest this year, nearly everybody remained for the preaching services, and basket dinner, then another fine, appreciative audience attended the memorial service in the evening. The every member canvass was made in the afternoon and enough money was pledged for both the local work and missionary budget for the year.

We hope to have another increase in Bible school attendance next Sunday. The theme for the morning sermon will be "Another Better." The evening hour will be devoted to the Children's Day Service. You are invited to all the services.

Obituary

Once more the angel of death has called one from us, one whom we all loved, Jesse W. Jackson, son of Mr. and Mrs. E. F. Jackson. He was born February 21, 1883, in Nodaway County, Mo., and departed this life May 21, 1919 at Plainview, Texas, where he had gone for the benefit of his health about a month ago. He had been in failing health for over a year, but bore his sufferings with the greatest of patience. Stomach and liver trouble caused his death. He was married to Christa Thrasher February 24, 1904. To them was born two sons and three daughters. Jesse was a straight, upright man and was loved by many friends and neighbors. He professed faith in Christ at the age of 17 and united with the Christian church of Bethany, where funeral services were conducted Sunday, May 25. The remains were laid to rest in Bethany cemetery. Besides his wife and five children, he leaves his parents, two brothers and three sisters.

A precious one from us has gone,
A voice we loved is still,
A place is vacant in our home
That never can be filled.

GEORGIA PEACHES GREAT.

Macon, Ga., May 31—Georgia peaches this year are expected to be of exceptionally high quality. There has been no freeze to hurt the fruit in its infancy, and in every way weather conditions have been ideal. The crop, however, will not as as large as last year's bumper crop. The output this year is estimated at about 7,000 cars against 8,000 last year.

J. D. Dickerson left yesterday afternoon for Butler to visit a son.

Detroit Vapor Stove
for Oil or Gasoline

The excellent performance of these stoves in the hands of many well pleased users, and the fact that WE KNOW they are made scientifically perfect, make it possible for us to sell these stoves to our customers and guarantee them with the assurance that they will give the very best service.

The Detroit burns either kerosene or gasoline, burning the same hot, blue flame with either kind of fuel. It has no wick to smoke or burn out, and it looks and acts like a city gas stove. The flame is up close to the cooking, and it can be regulated to any desired heat.

The oven style has two burners in the oven that can be regulated at will from the top of the stove, or one burner may be used independent of the other.

In fact, the Detroit is the best oil stove we know anything about, and in addition to its perfect action, it is the best looking oil stove we have ever seen.

It is certainly a mighty fine summer cook stove.

A $1,000 B[illegible] TO EVERY SOLDI[illegible]

JUDGE J. M. DAWSON URGES THAT THIS AMOUNT BE GIVEN TO WAR VETS

A NATIONAL CEMETERY

Memorial Day Speaker Says That Soldier Bodies Should Be Returned to U. S.—Inspiring Memorial Program at Court House.

A $1,000 government bonus to every discharged soldier in addition to the regular $60 allotment now given to discharged service men, was urged by Judge John M. Dawson, the principal speaker at the Memorial Day Exercises held yesterday afternoon at the court house square. The Judge also brought before his hearers the fact that the remains of the men who have been killed in action or have died of other causes in France should be brought over here to this country for interment in a large national honor cemetery.

Judge Dawson opend his speech with a review of the men who have taken part in all the great wars in which the United States has engaged and he explained the spirit of self-sacrifice and patriotism which has always characterized the American youth. He explained how the policy of the United States throughout has been one of the principles of right and not one of conquest and how whenever the nation has been forced to take up arms, men from every walk of life have responded instantly to the call. "In the great Civil war," said the Judge, "men and boys left their plows, their workshops and their offices to don the uniform of their country and fight for the principles which they felt to be the right." In the Spanish-American war the youth of America showed the same eager spirit, and in this latest war, the most terrible in the history of the world, the American boy has been there with the drive and courage which spelled defeat for the enemy.

"When America entered the war," said the speaker, "England and France were backed against the wall and were staving off the cruel attacks of the Huns. But when the United States began to send her men to the front the difference was soon shown. The Allied lines began to go forward instead of backward and they continued in this direction until the armistice. There has never been a time in the history of this country," said the Judge, grasping the fold of a huge American banner, "when Old Glory has been carried backward in retreat."

The problem of the return of the men to civil life was then taken up by the speaker. "When these men come back home many of them crippled and maimed for life, it is no more than the duty of this great nation to show her appreciation of their work. A suggestion has already been made that the men receive six months' additional pay at the time of their discharge. At the present rate this would amount to an average of about $180. But, friends, this is nt enough. There is lots of money in these United States, and the government should give every man who has worn the uniform of his country during this great crisis, at least $1,000."

In speaking of the men who have been killed on the other side and who have been buried in France and Flanders, the Judge expressed the opinion that every soldier's body should be dis-interred and returned to this country for burial. A great national cemetery should be erected in the most beautiful spot in the United States," he said and the graves of the brave boys who gave up their lives should be made here and inscribed in a way which will carry down through the coming centuries their honor."

Following the talk by Judge Dawson, a large wreath of flowers secured under the direction of Mrs. Leo Ruddell, of the Women's Relief Corps, was placed on the platform under the inscription "In Honor of the Nodaway County Boys Who Made the Supreme Sacrifice." Judge Dawson read off the names of each of the boys from this county who have been killed in action and a gold star was placed on the wreath by three little girls, the Misses Mildred Wray, Norma Randall and Catherine Remus.

The exercises yesterday were opened by a short address by Captain Hyslop of the G. A. R. who acted as chairman of the speaking.

G B. Roseberry made a talk in which he brought out the importance of the church in the great reconstruction period through which the world is now progressing. "The principals of freedom and right for which many of the men now lying in Flanders Fields died," said Mr Roseberry, "are the true principals of Jesus Christ, and we should dedicate ourselves to these principals."

Thomas J. Puckett spoke for the Civil war veterans and of the great sacrifices which these men had made. He told of the great American spirit which existed at that time similar to the spirit which marked the entry of the United States into the great world war. "We are old men now," he said, "and many of us are bent with age, but we were once young and strong like the boys who are coming home today. The spirit of the American is one of dash and courage and there is not a nation in the world that can break it."

At 8 o'clock yesterday morning members of the W. R. C. and the G. A. R. gathered at the First Methodist church where they received many floral contributions donated by citizens and business houses. The flowers were distributed to the various soldier graves which had previously been marked by small flags.

J. Woodson Smith of Kansas City spent Decoration Day with relatives and friends.

No consideration was given the buildings in the division other than the land on which they stood went to the two daughters who had cared for the old folks in their declining years. The land was divided share and share alike.

Henry Barrett received a sale bill advertising a public sale of the personal property of F. Erwin Powell at his home near Morrill, Nebraska 253 head of live stock together with considerable other property makes up the list and the terms stipulate that six months time will be given at 10 per cent interest. Mr. Barrett sees but one thing wrong with the bill; he thinks 12 per cent would be the proper rate of interest.

The Powells have also disposed of their farm there, and no doubt, in the near future they will make this vicinity a visit, as they formerly were residents of this community, and have a number of relatives and friends in and near Skidmore.

After returning home from a trip to Mound City last Saturday afternoon, Fred Suetterlin and his father-in-law, J. H. Bond, of Graham prepared to put the Ford in the garage. Mr. Suetterlin walked ahead of the car with Mr. Bond driving it, from the house to the garage. In some manner, which neither can explain, Mr. Suetterlin was hit by the car and knocked down, the front wheel passed over him and struck an embankment about the same time, and the car stopped with the rear wheel still resting on Mr. Suetterlin's shoulder. The car was soon removed, but Mr. Suetterlin has a very sore shoulder and went to St. Joseph Wednesday to have an X-ray examination made.

Mr. Suetterlin lives 10 miles southwest of Skidmore.

The B. O. Farm Club met in a called meeting Monday night, May 19, to consider ways and means for improving the west bottom road.

The proposition of the County court was taken up and received as the best temporary relief for existing conditions.

Furthermore, it being the opinion of the meeting that no permanent relief could be had while the road floods so bad.

The following resolutions were ordered drawn and offered to the Skidmore News for publication.

Be it resolved, that this organization will greatly appreciate any move toward straightening the river, as we consider that a good road bed across this bottom as vitally necessary to Skidmore as well as the adjacent farms to the west.

Barnard Bulletin.

A telegram was received Thursday morning from a Salvation Army, stating that Alvin Robison has arrived safely at Camp Upton.

I. C. Roelofson sold the McKee 80 acre farm which he recently bought from F. A. McKee, to Oren Lanning at $116.25 per acre. Possession was given the day of the sale, Monday.

J. G. Skidmore sold 320 acres of land last week to his brother, Lawrence Skidmore, giving possession March 1. The farm is located east of Cawood.

Mrs. John Goforth, who has been critically ill at her home in Barnard, is improving slowly. The nurse who was with her last week has returned to her home and Mrs. Goforth will probably completely recover within a short time.

Miss Louise Dyer of Amity, Mo., was employed last Friday as teacher of the Intermediate room of the Barnard School at a salary of $65. Miss Dyer taught a very successful term at Fairview last year.

C. M. Robison had a valuable mare badly cut on wire near the home of Willis Hazelwood Wednesday morning. He was driving to work when the engineer of a passing train blew some strident blasts on the whistle frightening the team.

Walter Frazer, commonly and formerly known as Jaybird, but now answering to the name and title of Lieut. Frazer, has resumed his position on Route 1, as carrier, after more than a year's absence in the air service of the U. S. Army. He has moved his family into the Merrel house just across the river bridge and will continue with the mail route probably till early spring when he will take up other work.

A telegram was received by Mr. and Mrs. Tom Cook from the Salvation Army, stating that Harry Cook landed safely Friday. Harry sent one himself Saturday morning, stating that he was at Camp Upton and did not know when he would arrive home. It is thought that he will be home within two weeks at least. None of theother boys from the 89th Division have been heard from at this time.

A. D. Reardon lost a valuable horse Sunday of spasmodic colic. He had worked the horse the day before and it seemed all right but on Sunday morning it took sick and died before anything could be done for it. Many horses are dying in this neighborhood this spring. Several have a malady which resembles founder which leaves them stiff and sore and in each instance there seems to have been no chance for them to have eaten too much.

A large number of hogs are going out of the community lately, evidently anticipating that the price will drop. The following are the shipments this week:

Monday:
Walter Breit, 2 loads cattle.
J. D. Thompson, 1 load cattle.
C. W. Eaton, 2 loads cattle.
John Clark, 1 load hogs.
Tuesday:
Chas. Dietrich, 2 cars hogs.
Turner Bros. and Worth Smith shipped a load of hogs Wednesday.
Thursday.
Ed Cliser and Jim Key shipped load or hogs.
Joe Eaton, 2 loads hogs.

The Jackson Bank has added to their already fine equipment a Burroughs Posting Machine and have it in running shape. This machine is a great invention. It adds your deposits and subtracts your checks at the same time, which makes it possible for depositors to get their exact account at any time. The Jackson Bank is sure a credit to our town and surrounding country and deserves your patronage. The managers Roy F. Hanna and L. M. Cummins, are progressive in every way and get all the latest and best methods out, so as to accommodate their customers, and their methods have been the means of increasing their business to such an extent that they have had to increase their force to keep up to the business they are receiving. Also their quarters have got too small for the business and they will soon commence the erection of a new bank building that will be much larger than their present one and will be modern and up-to-date in every respect.

Conception Courier.

The consolidated commencement exercises were held at Costello Hall last Friday afternoon. The following schools were represented: Conception Junction, Clyde, St. Mary's, Green Valley and Holy Family Parochial School. The program was a varied one and of great interest to the large audience that was present. In addition to the program furnished by the different schools several selections on the piano were rendered by Rev. Fr. Gregory O. S. B. of the Conception Abbey, and several selections by the Holy Family Parish orchestra. Superintendent Bert Cooper of Maryville, made a very pleasing address.

The eighth grade graduates were Robert Cunningham of the Parochial school Ladema Tannehill of Conception Junction, Agnes Merrigan, Marguerite Smith, Marguerite Dunn, Cecelia and Joseph Eckery of Clyde, Lawrence and August Meyer, Clara Lager, Anna Ellerman and Joseph Coppersmith of Green Valley.

Leonard Hamilton came home last Saturday night from service overseas, after being in the service where the fighting was hardest. He was wounded in the foot and spent some time in the hospital. He does not like the Germans very well, and, contrary to what the majority of soldiers say, likes France better than Germany. His bunch was the first to cross the Rhine, and he was the second man of the squad.

Mss Clara McClaren under went an operation for appendicitis Thursday of last week at Maryville at the hospital.

WOMEN WORKERS.

In almost every line of war activities the women of this country have done well and have taken front rank for doing work that released thousands of men for service overseas. Some women have been over-ambitious, and, at the expense of their health, have filled places once occupied by men. Every woman who, because of overwork, has brought on some ailment peculiar to her sex, should depend upon Lydia E. Pinkham's Vegetable Compaund to restore her health and strength, as this remedy is now recognized as the standard and has restored multitudes.—Adv.

Pickering Christiana Church.

We had excellent services last Sunday. Bible school attendance the largest this year, nearly everybody remained for the preaching services, and basket dinner, then another fine, appreciative audience attended the memorial service in the evening. The every member canvass was made in the afternoon and enough money was pledged for both the local work and missionary budget for the year.

We hope to have another increase in Bible school attendance next Sunday. The theme for the morning sermon will be "Another Better." The evening hour will be devoted to the Children's Day Service. You are invited to all the services.

Obituary

Once more the angel of death has called one from us, one whom we all loved, Jesse W. Jackson, son of Mr. and Mrs. E. F. Jackson. He was born February 21, 1883, in Nodaway County, Mo., and departed this life May 21, 1919 at Plainview, Texas, where he had gone for the benefit of his health about a month ago. He had been in failing health for over a year, but bore his sufferings with the greatest of patience. Stomach and liver trouble caused his death. He was married to Christa Thrasher February 24, 1904. To them was born two sons and three daughters. Jesse was a straight, upright man and was loved by many friends and neighbors. He professed faith in Christ at the age of 17 and united with the Christian church of Bethany, where funeral services were conducted Sunday, May 25. The remains were laid to rest in Bethany cemetery. Besides his wife and five children, he leaves his parents, two brothers and three sisters.

A precious one from us has gone,
A voice we loved is still,
A place is vacant in our home
That never can be filled.

Why We Sell The

Detroit Vapor Stove

for Oil or Gasoline

The excellent performance of these stoves in the hands of many well pleased users, and the fact that WE KNOW they are made scientifically perfect, make it possible for us to sell these stoves to our customers and guarantee them with the assurance that they will give the very best service.

The Detroit burns either kerosene or gasoline, burning the same hot, blue flame with either kind of fuel. It has no wick to smoke or burn out, and it looks and acts like a city gas stove. The flame is up close to the cooking, and it can be regulated to any desired heat.

The oven style has two burners in the oven that can be regulated at will from the top of the stove, or one burner may be used independent of the other.

In fact, the Detroit is the best oil stove we know anything about, and in addition to its perfect action, it is the best looking oil stove we have ever seen.

It is certainly a mighty fine summer cook stove.
